DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-27 are again rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 is indefinite because in step d), there is no direct antecedent basis for the recitations of "the tail gas" and "the fuel gas". Claim 3 is indefinite because it recites "said carbon dioxide separation system comprises a compressor" without any correlation/distinction to "a carbon dioxide separation system having at least one compressor" already recited in claim 1. Claim 14 is indefinite because in step d), there is no direct antecedent basis for the recitation of "the tail gas". Claim 16 is indefinite because there is no direct antecedent basis for the recitation of "the methane from said carbon monoxide separation system". Claim 17 is indefinite because it recites "said carbon dioxide separation system comprises a compressor" without any correlation/distinction to "a carbon dioxide separation system having at least one compressor" already recited in claim 14. Claim 27 is indefinite because there is no direct antecedent basis for the recitation of "said feed gas stream", as there is no previous use of the word "stream". Claims 2,4-13,15 and 18-26 are indefinite because they depend from the above indefinite claims.
3. Claims 1-27 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 1724

4. As all of the claims have been indicated to be allowable upon appropriate amendment, any remarks made by applicant in the September 19, 2005 Amendment are moot and need not be answered by the examiner.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert H. Spitzer whose telephone number is (571) 272-1167. The examiner can normally be reached on Monday-Thursday from (5:30AM-4:00PM).
